FACILITY

No athletes on greens. Course marshals have been instructed to disqualify athletes who do not comply with this directive.

Team camps behind Scottsdale Running Company (not on the golf course). Warmups on the canal bank, south of the course.

We must have the golf course completely clear by 9 a.m. Clean-up will begin immediately after the final runner is finished. Anything left on the course will be donated. Also, please help get your parents and athletes off the course immediately after the final race.

COURSE MAP

I'll send you a link to last year's course map, but that may change depending upon the week's weather conditions (including water releases).
